

PARTNER PROPOSAL

Knock on the right door.

A partnership proposal for **<Club name>**

A private career outbound service for your students and alumni.
Warm introductions, not more applications.

Knock hello@knock.careers

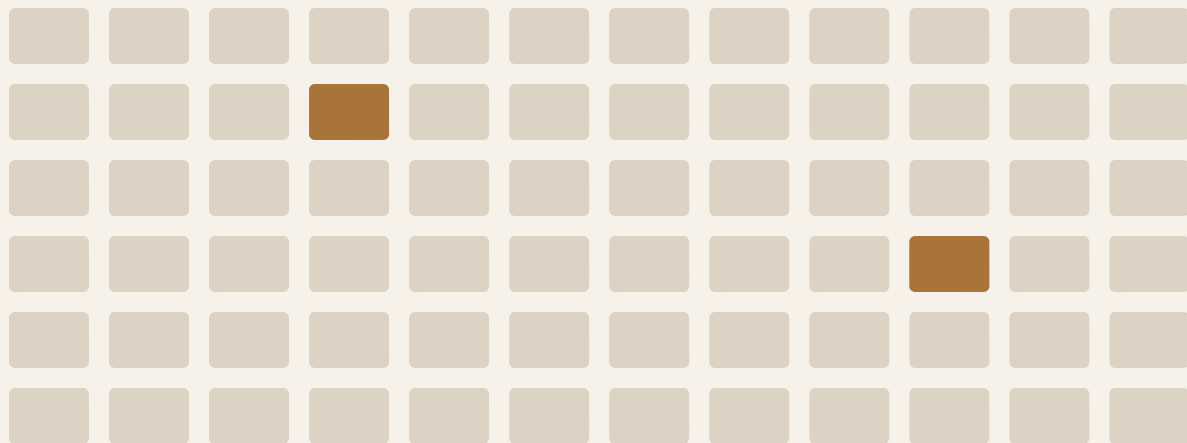

01 THE PROBLEM

Portals turn a job search into a numbers game.

Off-campus and lateral searches still run mostly through job portals.

HUNDREDS OF APPLICATIONS

■ A reply. Most applications never get one.

Illustration of the pattern, not measured data.

Each application joins a queue with hundreds of others.

Filters read it before a person does.

Strong candidates go unheard.

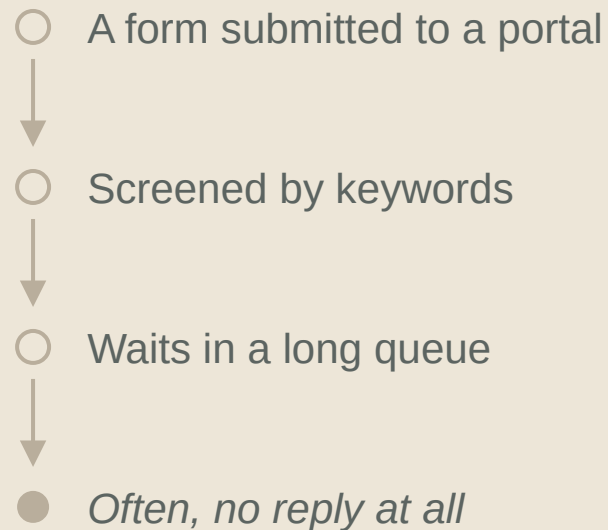

People hire people.

The way in is a conversation.

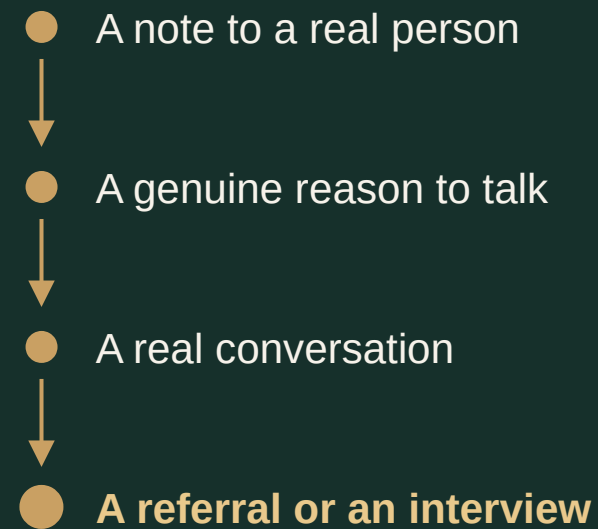

Warm conversations open doors that forms do not.

Referrals and introductions are read with far more attention than cold applications.

COLD APPLICATION

WARM CONVERSATION

Someone inside vouches for you. That changes how you are read.

03 WHAT KNOCK DOES

We do the outreach. The student stays in control.

Four steps, run by people, supported by good tools.

The student approves every message. It is sent from their own LinkedIn account.

04 AN EXAMPLE FIRST MESSAGE

Every first message starts from something real.

Short, specific and easy to answer. Written for one person only.

TO RAHUL · PRODUCT, ZEPTO

Hey Rahul, saw you **moved from Flipkart into product at Zepto**. I'm making a **similar jump from brand management**. Curious, **what was the biggest adjustment for you?**

Drafted by Knock. Approved and sent by the student.

WHY IT WORKS

1

A specific, true detail

It shows we read his path, not a list of names.

2

A shared reason to talk

The same kind of move, one step behind him.

3

An easy question, no ask

No request for a job or a referral. That comes later.

Built to protect your batch's name, not to blast.

Fewer, better conversations. Every one of them carries the student's name.

60

hand-picked people
per student, per week

Chosen one by one.
Never scraped in bulk.

i Every message is personal

No template with a name swapped in. Written for one person.

ii Sent from the student's own account

Only after they approve it. Nothing goes out in their name unseen.

iii Well under LinkedIn's limits

The pace stays human, so the account stays in good standing.

iv Conversation first, the ask later

A referral is requested only once there is a real exchange.

06 PACKAGES

Four packages, at founding-member prices.

Every member of <Club name> gets the founding price. Prices in INR.

Sprint

A focused first push

Rs 2,499

7 days

60 people

Standard

Time for replies to grow

Rs 3,999

14 days

120 people

Full search

A complete search cycle

Rs 5,499

21 days

180 people

Done-for-you

Full concierge support

from
Rs 14,999

Scoped to the search
we run together

IN EVERY PACKAGE

Research on each person, a personal first message, and reply guidance until a referral or an interview.

Four things for your members. Two small asks.

Most of the value goes to the club and its students.

WHAT <CLUB NAME> GETS

01

Founding price

for every member, on every package.

02

A free pilot

for 5 students chosen by the club.

03

A results summary

the club can share with its batch and faculty.

04

A co-hosted session

on outbound job search, open to the batch.

WHAT KNOCK ASKS

01

One announcement

to the batch, in the club's own words.

02

One feedback call

after the pilot. Honest views shape the service.

Low effort for the club. Proof before endorsement.

Your batch's inbox and your club's reputation stay protected.

*See the results
first. Then decide
whether to
recommend us.*

INBOX

One announcement. Nothing more.

No mailing lists, no repeat posts to the batch.

COST

The pilot is free.

No fee to the club and none to the 5 pilot students.

CONTROL

Students approve every message.

Sent from their own account, at a human pace.

EVIDENCE

You choose who tests it.

The club picks the pilot group and sees every result.

09 HOW WE MEASURE SUCCESS

Success is counted in interviews, not messages.

No promised numbers before the pilot. We report what actually happens.

THE ONE NUMBER

Interviews per 100 people contacted

Interviews secured, divided by people contacted, times 100. Simple to check, hard to inflate.

Replies and referrals are tracked along the way.

PER STUDENT

Each student sees their own

People contacted, replies, referrals and interviews, in one private summary.

IN AGGREGATE

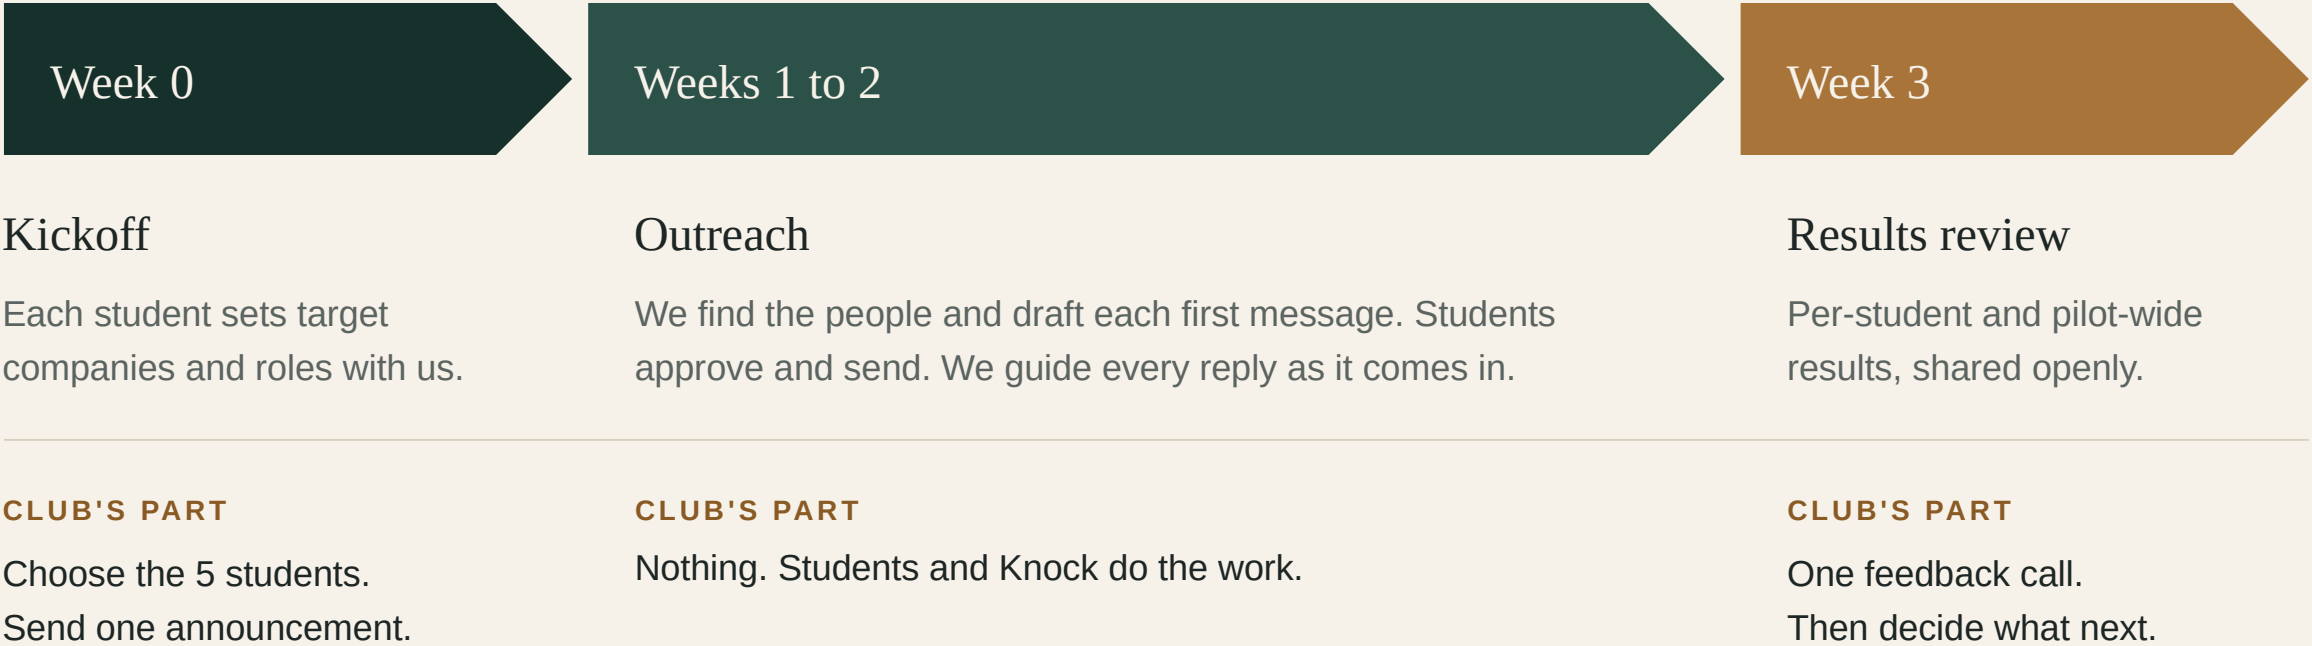

The club sees the whole pilot

One combined number for the group, ready to share with the batch.

10 THE PILOT

A three-week pilot, from kickoff to results.

Five students chosen by the club. Free of charge.

THE NEXT STEP

Pick 5 students for the free pilot.

We start the week you choose. You see the results
three weeks later, and decide from there.

hello@knock.careers

Knock. Knock on the right door.
